Schools Open Tuesday, August 31.

Barton academy and graded school opens Tuesday, August 31. The attendance promises to be large in the high school and training class as well as in the grades and every preparation and plans for a thorough and progressive year have been made. Several members of the faculty have been taking summer courses of special work and the teaching force appears to be unusually strong. In Miss Patrick as training teacher, Barton has been assigned a teacher who stands ahead of most instructors in her work and this important department will be one of the high school's strongest features. The complete faculty is as follows:

F. Jay Bates, B. S., principal.
Walter J. Metcalf, A. B., vice-principal.
Kate E. Ferrin, assistant; Mabel A. Miller, A. B., assistant.

Mary L. Patrick, B. S., training teacher.
Edna D. Ruggles, music teacher.

Crisis B. Renfrew, eighth and ninth grades.
Mrs. Heath, sixth and seventh grades.

Mrs. Jennings, fourth and fifth grades.
Miss Toohy, second and third grades.
Miss Holbrook, first grade.

That County Historical Picnic.

Plans for the picnic of the Orleans County Historical society at the historical stone house in Browninston are taking shape and prospects for a large attendance are good. Everyone is invited to come and bring their own picnic dinner but a large kettle for coffee will be arranged for, and if you bring your own coffee it may be cooked in the big iron kettle. Articles on this interesting old stone building built about 1830, and probably the oldest and most historic building in the county, will be read about 1 o'clock in the afternoon of August 26. Remember the date and be present. The Monitor hopes to be able to print something about the building next week with a picture of it.

It is the hope and intent of the society to purchase this old building and preserve it as a relic of the days when Browninston was one of the larger places of Orleans county, a shire town and the scene of a prosperous school for which this building was erected as a dormitory by the redoubtable Alexander Twilight, principal of the school. President F. W. Baldwin of the Historical society has appointed as committee of arrangements, G. J. Gross, W. G. Dutton and J. M. Wyman.

BARTON FAIR NEXT WEEK.

Secretary Hamblet announces that the prospects were never so good in most respects for a fair as this year. There are more inquiries about entering stock and other exhibits than ever. All details are satisfactorily arranged and race entries are large while statements from all parts of the county show that there will be large crowds. This is encouraging and as it should be. This is a county fair, owned by the people of the county and with all the features of special interest to our people should receive liberal patronage. Next week Tuesday, Wednesday, Thursday and Friday are the days. Already the grounds begin to take on the appearance of a fair.

The extension service of the college of agriculture of the University of Vermont will send its educational exhibit to the Orleans county fair to be held at Barton August 17 to 20. Professor Lutman, Mr. Johnson and Miss Cobb will be in charge. The exhibit will include charts and specimens showing the effect of fungus diseases and insects upon plants, trees and fruits and methods of controlling these pests. There will be two boxes, each box containing twelve kinds of feed; samples of fertilizer in celluloid tubes showing component parts of high, low and medium grades of fertilizers with directions for mixing the same; bottles containing samples of spray materials, also various types of spray apparatus; various kinds of apparatus used in producing high grade milk; Babcock test, milk scales and herd records; charts and specimens of various farm crops showing methods of increasing yield and decreasing cost of production.

The home economic specialist of the extension service will exhibit many charts showing food values, of the ill effects of the use of patent medicines. Samples of materials colored with dyes obtained from cheap candies will be shown. The exhibit also includes canned fruits and vegetables and simple dresses made for home wear.

Lists of extension brieflets will be distributed indicating the literature that may be had upon application.

As the conditions governing the "Baby Contest" for the fair next week seem to be rather obscure, the management wish to say that the prize will be awarded to the baby who is found to be in the most perfect physical condition. Each child must be under one year of age and will be weighed, measured and examined by competent physicians, who will award the prize to the child who is found to be the nearest to normal in every way.

The examination of itself is a real advantage as slight defects in a child's condition may thus be discovered and remedied, and the prize a handsome china set now on exhibition at Seaver's store is well worth the friendly competition which is thus invited.

The Hazards of Helen at the Gem theatre every Friday night, are among the most spectacular pictures shown.

Miss Aline Baldwin is spending Chautauqua week at Lyndonville with her grandmother, Mrs. Ann Baldwin.

Mr. and Mrs. F. D. Pierce were guests of Mr. and Mrs. F. D. Thompson at Long pond the first of the week.

Mr. and Mrs. Douglas Hastings and son and daughter of Syracuse, N. Y., are guests at the home of Dr. F. R. Hastings.

Miss Katharine Connor of Portland, Me., was the guest of Mrs. Will Heath and at the home of John Keating the past week.

Mr. and Mrs. Thomas Coburn of Orleans were guests of Mrs. Coburn's parents, Mr. and Mrs. Fred Williamson, Sunday.

Mr. and Mrs. Erwin Pearson of Lowell, Mass., were guests of Mr. Pearson's father, Dr. J. A. Pearson, the past week.

George Baldwin and M. H. Smart of Philadelphia were guests of H. P. Baldwin and friends in town the latter part of the week.

Barton Electric company is moving several poles near Charleston to make room for the new strip of state road being put in there.

Percy W. Cowles, who has been spending a two weeks' vacation with his parents here, has returned to his work in New York.

The new sewage system on Lincoln avenue and the McEllan district has been completed and the crew is now working on the streets.

Julius Sanville of Craftsbury visited his father, Joseph Sanville, over Sunday. Sophia Sanville returned with her brother to Craftsbury.

Mrs. Leon Batchelder and son, Richard, have been spending several days at the home of Mrs. Batchelder's parents in St. Johnsbury.

William Cavanaugh, the block signal superintendent here, was married to Miss Jennie Burke at St. Paul's church Wednesday morning.

Mrs. C. P. Jenness, who has been seriously ill for a number of weeks at Hotel Barton, has been somewhat improved the past few days.

Miss Ruby Campbell, who is stopping at the Boulders at Lake Willoughby with her sister, Miss Isabel, was in town several days the past week.

Miss Ruth Gleason has been substituting at the piano at the Gem theatre while Mrs. Pillsbury has been confined to her home on account of illness.

Rain prevented the band concert Saturday evening. It will be held in the band stand opposite the Crystal Lake House the coming Saturday evening.

Harold Elliott of Groveton, N. H., Percy Elliott of Newport and Miss Mary Alexander of Maine have been guests at J. W. Elliott's the past week.

Animal Circus Here Friday.

Much favorable comment is at hand about the La Tena animal circus to be in Barton Friday with a street parade at 10:30 a. m. and a show in the afternoon and evening. One of the papers where the circus was recently held says of the show: A street parade was given this morning which was of unusually good quality. The horses and wild animals attracted general favorable comment on their appearance. Those who attended the matinee this afternoon were unanimous in their praise of the big three-ring show, which they pronounced one of the best that has ever visited this city of many shows. The acts are clean and interesting, the horses were neat, attractive and looked contented and well-fed and the performers were all that could be asked for. It is doubtful if there is a better circus than La Tena's on the road today.

A three-ringed animal show is an unusual thing and often it is hard to watch all that is going on, but with La Tena's all the rings are so arranged and the acts so timed that this difficulty is obviated. Each act was heartily applauded and each act deserved the commendation of the crowd.

It is truly a "big" show. The program includes the antics of a merry bunch of clowns that fill in at opportune times and furnish many a happy thought. There are clowns of all sizes from a tiny midget up.

Teachers' Examinations.

Teachers' examinations and examinations for free tuition will be held in the high school room at Barton academy Thursday and Friday, August 12th and 13th.

C. L. Erwin, Superintendent. 30-32

Recent guests at the Misses May's are Miss MacArthur, Miss Clark, Miss Short and Mr. Hawthorn all of Montreal and Mr. Mears and party of four from Boston.

Edwin Humphrey and family of Brownington Center visited her father, Joseph Sanville over Sunday. Lela returned to Brownington Center with her sister.

Miss Blanche Gilman and a friend, Miss Martha A. Webb, of Manchester, N. H., have been visiting Miss Gilman's grandparents, Mr. and Mrs. Charles Gilman.

Members of the present senior class of Barton academy took a trip on the Lady of the Lake through Lake Memphremagog on July 31st. Several invited guests accompanied the seniors.

H. C. Wheeler and family, Miss Curtis and Miss Padfield of Glover and Norman Stebbins and Arthur Welch are at the E. W. Barron cottage in Lake grove for a two weeks' stay.

Remember the entertainment in Seaver's hall tonight, "Songs and Stories of Many Lands," by Miss Bickford and Miss Skinner. The entertainment will be well worth your patronage.

A new and attractive street gasoline tank has been installed at the Flanders-Mossman garage. Convenient in that cars are not compelled to enter the garage for gasoline, but may be filled from the street.

F. Willard Magoon, chiropodist, will treat all ailments of the feet, four days, commencing Wednesday of each week, during the month of August. Telephone W. M. Magoon's cottage for appointments. 30-32

Pisgah Lodge at Willoughby lake is getting a very enviable reputation for its table, not only local but state wide. The past week the Boat club to the number of 50 were there at a seven o'clock dinner and the Vermont Press association were guests there on Friday.

Mrs. Copeland and daughter, Miss Evelyn, returned from Portsmouth, N. H., with Mr. and Mrs. Pierce Wednesday and are visiting friends and relatives in town. They will visit their relatives in Canada before returning to their home.

In the second trial of the case of Elbridge Miles vs. A. E. Powers of Lowell, held at the municipal court room at Barton on Tuesday, the jury returned a verdict of \$75 and costs for the plaintiff. W. W. Reiden for the plaintiff and Harry Black of Newport for the defense.

Quantities of tents, baggage and other accessories have been taken to the fair grounds the past week and would indicate that we are to have an unusually large "midway" this season. Well, nothing seems to give fair the real tone, that a lot of side shows and can racks can add.

Eber F. Humphrey of Newport, a former Barton boy, was married on Wednesday afternoon at the home of George Fisk, to Miss Hilda E. Mansfield of Johnson. Rev. I. A. Ranney officiated and Ruth Humphrey acted as ring bearer. The bride wore a gown of blue silk. Mrs. Humphrey is a graduate of the Johnson state normal school and has taught in the schools at Newport for several seasons. They are now in camp at Willoughby lake and will reside later at Newport.

The annual state convention of the W. C. T. U. is to be held in Barton, Sept. 7, 8, 9, next. Never in the history of Vermont has the question of temperance measures been so important as now in this year when our state is to indicate by its vote the people's choice between local option and a new and proved prohibitory law. It is hoped that every good citizen in Barton will help "boost" this coming state convention as one of the first steps in the campaign for prohibition in Vermont.

Ernest Boynton of Orleans was in town yesterday.

Mrs. Arthur Trudeau is suffering with a bad foot.

COVENTRY

Freddie Newton of Brownington visited relatives in town last week.

CONTINUED ON PAGE THREE.

Plunkett-Dow.

At the home of the bride's mother, Mrs. Walter Colby, on Church street, Miss Flora Dow was united in marriage to Gerald Plunkett, Saturday evening, August 7th. Only the immediate family and relatives of the groom were present at the ceremony, the Rev. W. A. Warner officiating. The bride and groom are both popular young people in town and have the congratulations and best wishes of a host of friends. After a honeymoon trip to Portland and vicinity they will return to Barton where Mr. Plunkett has a position in H. T. Seaver's store. The get-away was accompanied by the usual shower of confetti and rice and some minor decorations to the automobile. It is understood that the first flight of the newly-weds was so well planned that they escaped, but compelled to return for some reason, their well-wishers found them out and administered the customary parting volleys.

George P. Corrow has gone to Bartlett, N. H., to work.

A little son has come to the home of Mr. and Mrs. E. O. Wells.

George Drake is improving and has been able to ride down street.

Dr. Dalton of the state board of health, with his wife have been spending a few days in town.

Mr. and Mrs. Homer Frasier of Montgomery were guests of his brother, H. J. Frasier, over Sunday.

Mr. and Mrs. Leland Green and children of Randolph and Mr. and Mrs. C. G. Humphrey were guests at Bert Ware's Sunday.

Little Lois Manley is spending a week with Mrs. Hollis Hancock, while her parents, Mr. and Mrs. H. A. Manley, are visiting relatives in New York.

It is reported that lightning struck the buildings of E. L. Perry, G. C. Bean and A. D. Alger Monday afternoon, doing but little damage, however.

Mrs. H. C. Cleveland and daughter, Marion, went to St. Johnsbury Saturday to stay over Sunday. They will then go to Hardwick for a visit and will attend the Redpath Chautauqua there. Miss A. R. Kidder accompanied them as far as St. Johnsbury.

The Best class met last evening at the home of Mr. and Mrs. Myron Chaffee. A goodly number were present. After devotional exercises, The topic of Prison Reform was discussed. This with vocal music completed the program, after which cake and ice cream were served. All reported a very pleasant evening.

Mrs. A. R. Hall is visiting at Lake.

Rev. Harris preached at Island Pond Sunday.

Mr. and Mrs. Harry Hall are visiting in South Troy.

Mildred Stratton of Beebe is visiting at Ben. Stratton's.

Mr. and Mrs. A. J. Applebee and son, Earle, were visitors at A. R. Hall's Sunday.

Rev. O. L. Barnard of Island Pond preached an interesting sermon at the M. E. church Sunday.

LOWELL

Mr. Silsby has returned to Hartford, Conn.

Henry Jacobs has bought the Sullivan farm.

Ara Miller of Westfield was in town last week.

V. M. Parker is having the interior and exterior of his store painted.

Freddie Newton of Brownington visited relatives in town last week.

County Agricultural Association Notes.

The county agent will have an exhibit at the Barton fair and it is expected that S. M. Simpson, county agent of Caledonia county, will assist again this year with the exhibit. A cordial invitation is extended to all to visit the exhibit and see what the association is doing in an educational way in the county.

Commissioner E. S. Brigham, St. Albans, H. R. Talmadge of Long Island, N. Y., Prof. George Stewart of the department of agriculture, Washington, D. C., were in the county during the past week in the interest of the seed potato industry. They all agreed that there are wonderful undeveloped opportunities in Orleans county for the potato crop.

For the last ten days the county agent has been visiting demonstrations throughout the county. As a whole the demonstrations are showing up very well, especially with alfalfa and the chemicals. There are now about twenty-five demonstrations of alfalfa and every one is doing nicely and we expect that a large percentage of them will make permanent stands. Some, where the inoculation has not been effective, the stand may not remain to make a successful experiment.
